

Vaibhav Porwal

Co-founder, Dezerv

Vaibhav brings over two decades of wealth management expertise to the table.

In his previous role, Vaibhav managed over INR 22,000 crores in Assets Under Management, serving more than 500 affluent families, and led a team of 20+ bankers.

Vaibhav actively contributes to the investment committees of several prominent family offices in India.

At Dezerv, his team has designed the organisation's diverse investment strategies and built a unique investment thesis. His specialisations encompass asset allocation and portfolio management spanning various asset classes. Powered by technology and data-driven research, Vaibhav and his team of 10+ investment experts have skillfully crafted multiple strategies tailored to different risk appetites. These strategies consistently combine quantitative and qualitative factors, delivering significant outperformance against benchmark standards.
